

## Security Sensitive Biological Agents Regulatory Scheme

### Transfer Out

Updated: January 2026

#### Introduction

Facilities must report transfers of security sensitive biological agents (SSBAs) as soon as possible and within two business days of the event occurring.

Facilities may apply to de-register if their entire holdings of all SSBAs are disposed of (or for a toxin the remaining quantity falls below the reportable quantity) either by destruction or transfer. There is a section in this form for applying to de-register.

#### Providing information to the Australian Centre for Disease Control (CDC)

The information you provide to the Australian CDC is mandated by the *National Health Security Act 2007 (NHS Act)* and will be included on the National Register of SSBAs.

It is important to answer all questions and to provide accurate information. If the information you provide is incorrect or incomplete, the Australian CDC may require you to provide additional information. This may cause delays.

#### Providing information to Law Enforcement Agencies

The NHS Act mandates that unsuccessful transfers must also be reported to law enforcement. Unsuccessful transfer includes the incomplete arrival of a shipment as stated in the shipment documents and/or evidence of tampering to the shipping container.

#### Privacy

Personal information provided to the Australian CDC will comply with the requirements of the *Privacy Act 1988*.

#### Application Authorisation

Please ensure that the person completing this form holds the appropriate authority to submit this application on behalf of the entity or facility.

#### Instructions on completing this form

This document allows electronic entry of information into the required fields. It is recommended that, where possible, this form should be completed on a computer and a copy printed, signed and sent to the Australian CDC.

All questions are mandatory and must be completed. If the space provided in each field is not sufficient to complete your answer, please include any additional information in an attachment with the information clearly marked as to which question it relates to.

Please ensure you retain a copy of this completed form as the Australian CDC is unable to provide copies of submitted documents.

All fields are mandatory unless otherwise stated.

**Lodgement**

To lodge this form via post you will need to use an opaque envelope and post using Australia Post's Registered Mail service. You are considered to have submitted the report at the date and time shown on the registered post receipt.

**Please do not email or fax forms to the Australian CDC as these cannot be accepted.**

Please submit all postal applications to:

The Director  
Laboratories and Pathogen Security Section  
Australian Centre for Disease Control  
MDP 140, GPO Box 9848  
Canberra ACT 2601

Once the Australian CDC has received the form, you will be provided with a confirmation of receipt by email to the contact officer listed for the facility.

**Further Information**

Please use your facility reference number to refer to any matters relating to your facility.

If you have any queries about this form, please contact the SSBA Regulatory Scheme:
